A WORLD OF STUNNING SLABS*

STUDIO - CLIFFSTONE CARBON

Argento:

Inspired by the precious metal, this stunning slab features a lustrous surface that catches the light and adds a sense of luxury to your interiors. With its silver hues and subtle patterns, it creates a mesmerizing ambiance that is both glamorous and contemporary.

Ruscello:

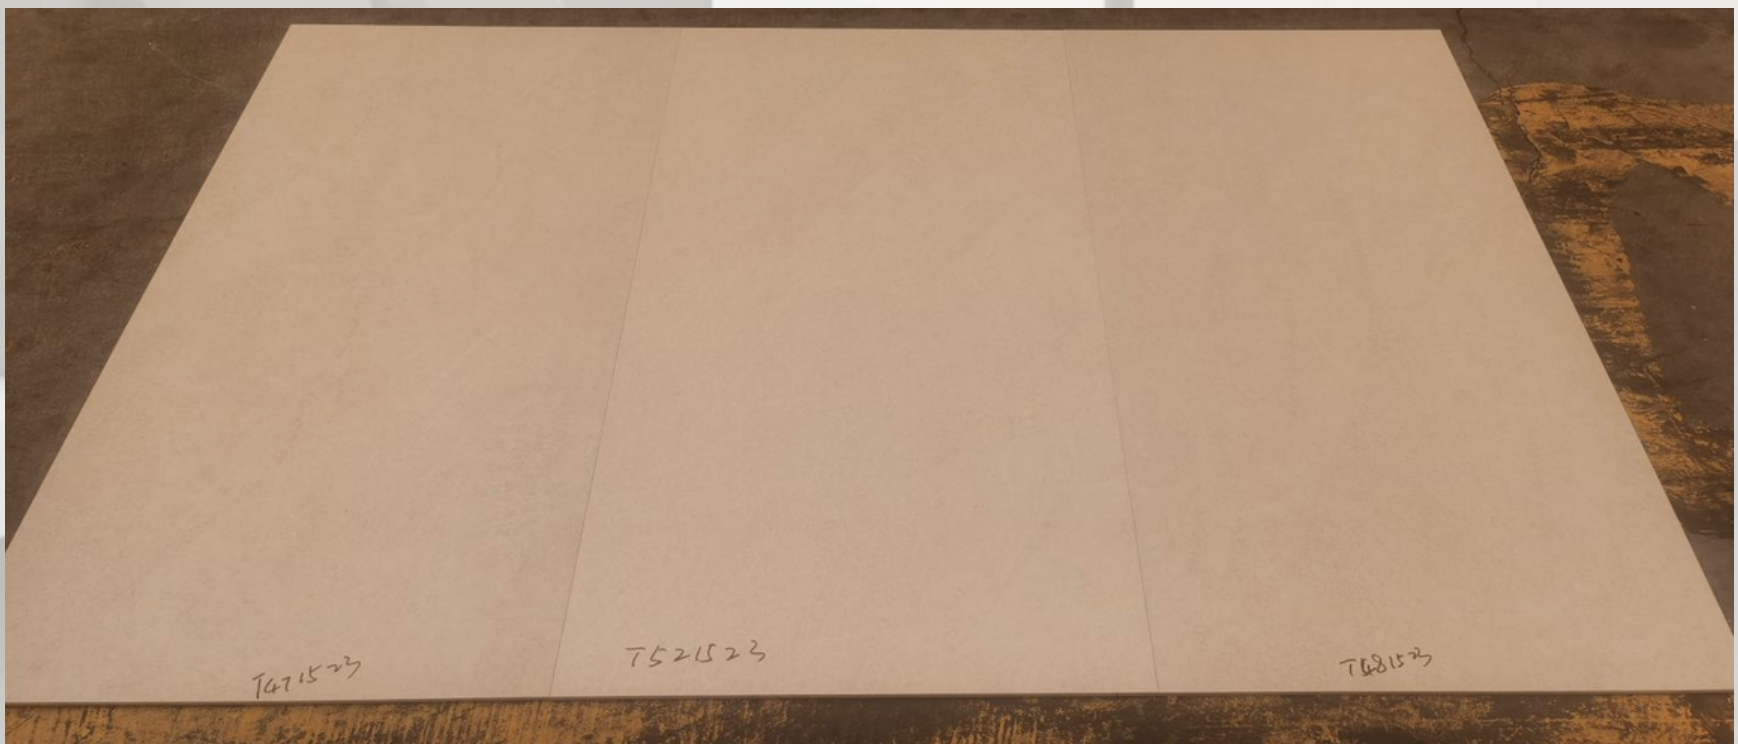

Inspired by flowing streams and gentle waterfalls, this slab showcases organic patterns and soft earthy tones.

It brings a sense of tranquility and harmony to your spaces, creating a serene oasis that soothes the senses.

Manhattan White:

This pristine white slab, inspired by the timeless beauty of marble, exudes sophistication and grace. Its delicate veining adds a touch of refinement, making it a perfect choice for those seeking a classic and luxurious ambiance

Grey Emperador:

This majestic slab, with its striking shades of gray and brown, resembles the richness of Emperador marble.

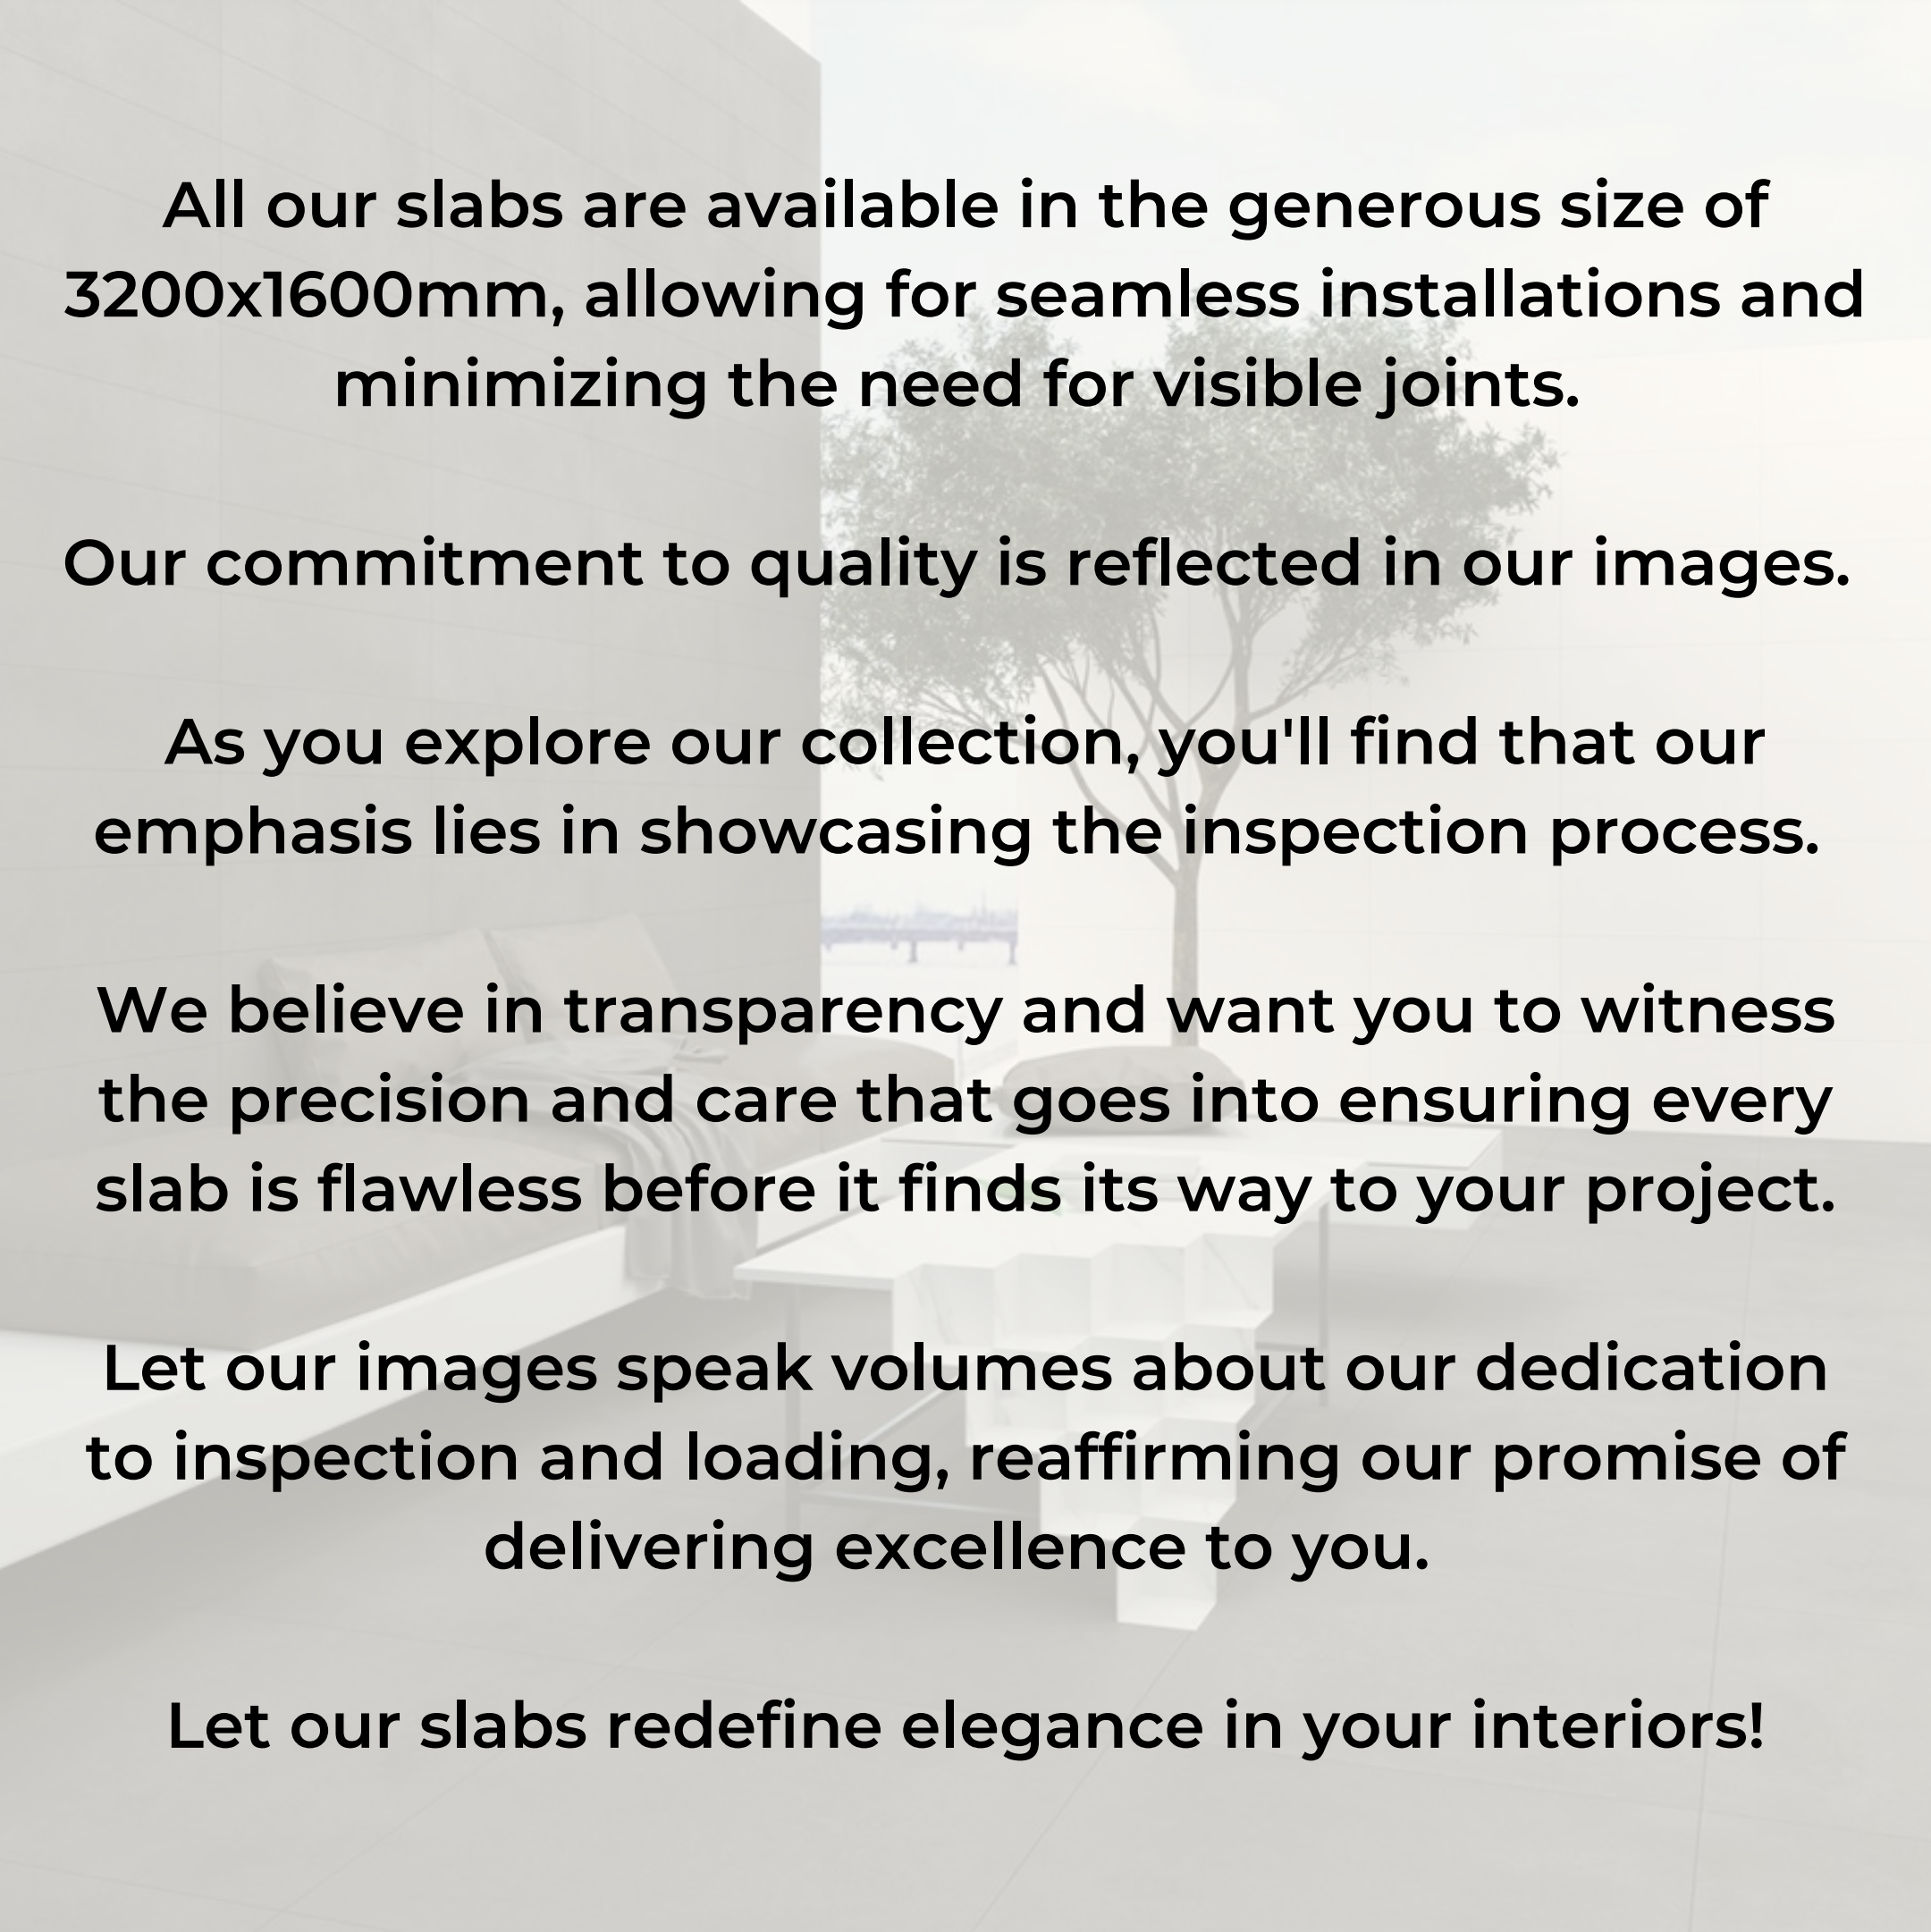

Its dramatic veining and polished finish make it a show-stopping choice for those who desire opulence and drama.

Romano Travertine:

Create a warm and inviting ambiance with the classic beauty of Romano Travertine. This exquisite slab showcases the natural charm of travertine stone, featuring earthy tones and gentle patterns. With its rustic allure, it adds character and a touch of Mediterranean flair to any space, making it a favorite among those who appreciate the beauty of nature.

All our slabs are available in the generous size of 3200x1600mm, allowing for seamless installations and minimizing the need for visible joints.

Our commitment to quality is reflected in our images.
